**REPORT FROM COMMITTEES:**

**Administration and Finance:** Councilman Hall reported that on Wednesday, March 24, 2021, Mr. Brobst took part in a virtual meeting with Northampton County Council of Governments. A presentation was made about the new Lehigh Valley Hospital campus that will be just off Hecktown Road. Several county officials made presentations. This was the first such COG meeting that was held virtually since the last in-person meeting that occurred prior to the pandemic.

--On Thursday, March 25, 2021, Mr. Brobst took part in a virtual meeting that reviewed the American Rescue Plan Act. Representative Susan Wild and a member of her staff as well as a representative of Senator Mario Scavello, a representative of Senator Boscola and a representative of U.S. Senator Pat Toomey were on hand to field questions and provide input. With one interesting point of discussion, it seemed that Representative Wild was of the opinion that the entire distribution of the assistance money would be a one-time distribution. Previously, we had been led to believe that it would occur with one-half within 60 days of the announcement and the other half one year from that date. She promised to research this question. It would appear that while we must strictly account for this money, the limitations may be less severe than originally anticipated. Although we know this money is coming, by and large, it is still a wait and see process.

**Building, Land and Recreation:** Councilman Pristash reported that in response to the request of the KIDS Swim Club, Mr. Brobst spoke with Superintendent Joseph Kovalchik and learned that the organization is not sponsored by the school district. However, our conversation left me with the impression that they were willing to allow the club use of the facilities with strict CDC protocol.

--As of this date, we have received one lifeguard application. Our operation is dependent on a sufficient number of lifeguards. However, preparation is underway by the public works department to prepare the pool to be opened.

--Park pavilion rentals continue at a slower pace than usual. Mr. Brobst recalls a time when the first two hours of offering the permits to the public, we had more written than we have to this date after a full month.

**Code and Police:** Councilman Piescienski reported that on Thursday, March 25, 2021, we took delivery of the new Chevy Tahoe that was ordered last year. The decals were applied on Monday, March 29, 2021, and the light bars will be installed at a later date. The radio has approximately a five-week waiting period because there is a shortage of semi-conductors.

--The code office will be following up on non-responding landlords. Currently, we have had a 75.7% response.

--We have run cable from our network server to the community planner's office and ordered an additional computer workstation and laser printer for the code department. Once everything is delivered and installed, the three members of the code department will be moved out of the "closet."

**Fire and Health:** Councilwoman Kutzler reported that the Board of Health will meet at 7 PM on Tuesday, March 30, 2021. The meeting will be held in Council Chambers.

--The impound lot being constructed on the fire department grounds is well underway. It will be ready soon to host its first guest.

**Public Works and Sewer:** Councilman McHale reported that Mr. Brobst reviewed the playground equipment with Public Works Supervisor Gregory Morey that would help spruce up our parks and we have ordered several tot lot amenities that will make a child's visit more memorable.

--Public works has begun site preparation for the MS4 project. Some trees and underbrush clearing should facilitate the process.

--Most of the ballfields have received some initial attention. Their use will increase during the month of April.

--We have purchased playground bedding to surround the play equipment in the lots.

--He gave an update on the sewer plant pump station upgrade.

### **REPORT FROM COUNCIL MEMBERS:**

**Robert McHale** addressed Dawn Whittman in reference to the school tennis courts being opened. He said that Mr. Brobst can work his magic with the school district and speak with

Mr. Kovalchik.

--He congratulated Officer Shoemaker on his employment and thanked him for his service.

--He announced that he and his family will be moving to North Carolina sometime in June and will be submitting a letter of resignation from Borough Council and the NBMA board.

**Anthony Pristash** congratulated Robert McHale on his future move. He said that Mr. McHale offered a wealth of knowledge while being a councilman over the years and will be hard to replace. He added that he will be missed.

--He addressed the borough residents not cleaning up after their dogs. He said those people should be ashamed of themselves. He added that we care about our town. He asked residents to please do better and get it together.

--He wished everyone a Happy Easter and said God Bless.

**Julia Kutzler** said that she would be really upset if the pool does not open. She suggested putting an ad in the paper for lifeguards.

--She asked Chief Kadingo if he contacted Nazareth Pallet about their trucks driving on Dewey Avenue. Chief Kadingo has not reached out to them yet but will follow up.

--She thanked Melissa and Kristin for introducing themselves and attending the council meeting.

**Thomas Gehringer** welcomed Officer Shoemaker to the Police Department.

**Anthony Lopsonzski, Sr.** asked if there was any update on 105/107 Laubach Avenue.

Solicitor Panella said they have not received a response and did not have any new updates at this time.

--He suggested that the recreation committee concentrate on the beautification of our parks. He suggested that we create a type of berm in the area of Canal Street so residents in that area don't have to worry about flooding.

--He congratulated Officer Shoemaker on his employment with the police department.

--He was stunned by Robert McHale's announcement of him moving out of state. He said that he would be hard to replace because of his extensive knowledge of so many areas of the borough. He thanked him for his work and efforts on borough council and his dedication to the borough and community.

--He agreed with Keith Piescienski, stating that Main Street is terrible, especially in front of Rite-Aid. He asked Mr. Brobst if public works could possibly fill in some of the huge holes.

**ANNOUNCEMENTS:**

Mr. Brobst congratulated Officer Shoemaker on his employment with the police department.

--He was also stunned by Robert McHale's announcement of him moving out of state. He said that he offered a ton of knowledge in several aspects as a councilman and he will be hard to replace. He added that he loved that they agreed to disagree.

--He wished everyone a Happy Easter.
